Choices...

When it comes to making money online we all have 2 very clear choices. We can either do what everyone else is doing, or we can do things differently.

With Digital Strategies for the Pro or Beginner! we chose to do things differently.

The reason being; when we do this... we don't have to compete, we don't even need to sell anything... **But we still make money!**

All we do is...

Give away free instructions to make extra money.

\$810 proof included below - [Full description and live view provided in this lesson.](#)

Right now you could probably do with some extra money each week...correct?

And if we're right, then the *'Free Instruction System' detailed in this PDF & in the full 'FREE' lesson will help...

*We call it the Free Instruction System because we simply give away free instructions (100% free / no emails, costs, or opt-ins required).

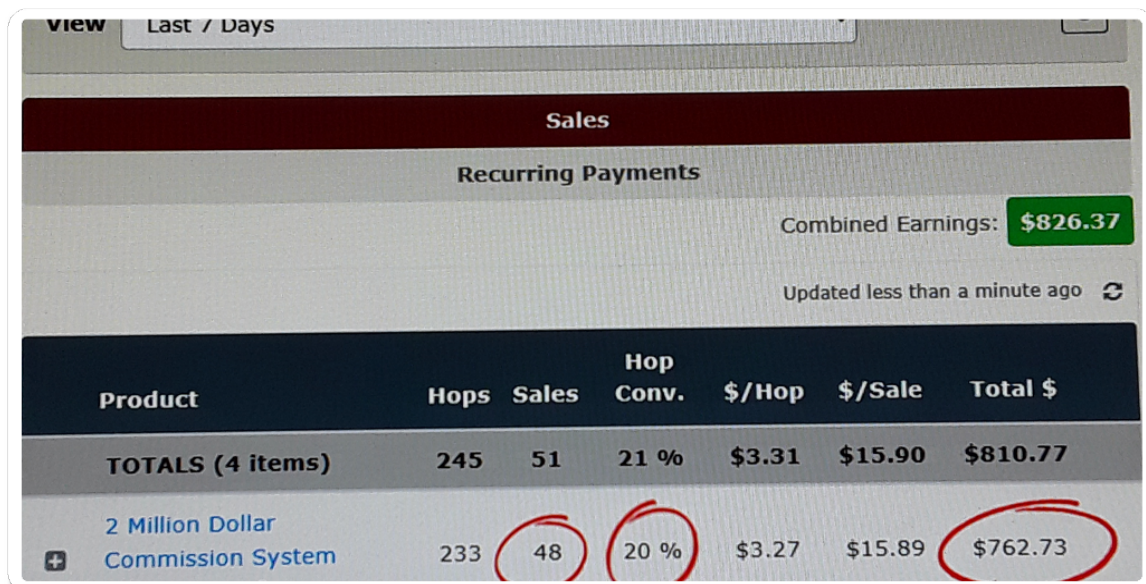

The cool part is; anyone (even complete beginners) can start using this easy system in under **60 minutes**, *without any skill whatsoever.

And... potentially **see results on the very first day**, even if they are complete beginners.

Like the...

***\$762.73 we made in just 7 days**

How does it work?

This process is what we call a free instruction system, because all we need to do is pick a product, and give away free instructions specific to that product to make money.

I.e.

- **Step 1:** We pick an offer (digital product) to target
- **Step 2:** We create our Free Instructions
- **Step 3:** We give away our 'offer based' Free Instructions

And... as soon as we start giving away our free instructions people literally cue up for access.

We'll show you how to create the free instructions, and give them away for free.

You'll instantly understand why this works as well as it does (regardless of who you are) when you see what we're doing...

And as soon as people get access to the free instructions, the process starts working, and we start to receive payments (often within hours).

[**View the proof yourself - Click Here**](#)

That's it...

No selling, no ongoing work, **It costs nothing to use... And it's FREE.**

Which is why lots of everyday people do this too (most do it in their spare time) to make extra money each week... *And you can too.*

...Simply copy the steps, and give away offer based free instructions.

Could you do that?

So how does giving away free instructions make money?

We get results when someone downloads / accesses, and reads the free instructions we give away... and clicks the code inside.

...And because of the angle we use, lots of people do.

The process is seamless, requires zero selling, and works remarkably well due to the fact that the free instructions are; offer specific, enabling us (and anyone using this system) to (ethically and legally) *piggyback off other people's work to make extra money.

*System works with digital products using the free platform shown in [this lesson](#)
